FIFTH ANNUAL FUND DRIVE LAUNCHED DECEMBER 1, 1959

Effective October 1, the Alumni Association accepted with regret the resignations of its Executive Director, Carl Dahlgren, and its Executive Secretary, John Horner, due to increased activities in their respective positions. The Association feels keenly the loss of these men, who were largely instrumental in establishing a program that has contributed in great measure to the financial support of Westminster through its alumni.

To continue these efforts, the Association has appointed Arthur J. Schroff '41, as Executive Director, and Richard Averne '58, Executive Secretary, who have announced the fifth annual fund drive.

Coincidental with receipt of the Newsletter, information about the drive will again be forwarded to you through your respective Class Agents. Funds derived from the drive will be largely used for the continued growth of the Williamson Scholarship Fund, income from which will be used for awarding of scholarships.

Your generous contribution is urged, to maintain the established pattern of enrollment and scholarships so necessary for the continuance of quality work done by your Alma Mater.

As S. Schott '41, Executive Secretary

The annual Christmas party began on Tuesday evening, December 15, with the traditional yule log ceremony, the passing on of the Spirit of Westminster from the Sophomore Class to the Freshman Class, and singing of carols around the lighted yule log and the Christmas tree. The following evening, Dr. and Mrs. McCurdy and Janice Harsanyi gave a special Christmas recital, the original carol compositions were presented by each class and adjudged, Dr. McCurdy led in carol singing, and the evening closed with a reception for the recitalists in the Administration building.

The final evening of the party, a Christmas banquet was held in the Coronet, a "special surprise" occurred in the Playhouse, and then in the Chapel, the traditional Christmas service was held.

The Drama Department's seasonal offering this year was "Scrooge" adapted by Dolly Paskman from Charles Dickens' "A Christmas Carol" for Lionel Barrymore.

Extensive landscaping done on campus this fall is the generous gift of Mr. C. F. Seabrook, a Trustee.

WESTMINSTER'S NEW "AMERICANA" CARILLON EXPLAINED

Westminster’s newly-installed carillon is known as the “Americana” Carillon, and is an exclusive development of Schulmerich Carillons, Inc., of Sellersville, Pennsylvania. The instrument consists of 208 miniature bell tone generators which are struck by metal hammers, producing exact bell tones almost inaudible to the human ear. These bell vibrations are then amplified over one million times by means of specially designed electronic equipment, producing true bell music which is equivalent to the tones of cast bells of massive proportions.

The “Americana” Carillon is playable from its own console, located in a studio off the west foyer of the Chapel, or can be played from the keyboard of the organ console. Selector switches permit the bells to be heard within the building alone, solo with the organ, as well as from the tower. The basic tone is the sixty-one note “Arlington” Carillon, to which new percussion tones of the Harp Bells and Celesta Bells have been added, plus the 25 note English-tuned bells.

The instrument also includes the automatic playing of the familiar Westminster Strike, which sounds the time throughout the day.

MR. MARTIN ATTENDS MUSIC ASSOCIATION CONVENTION

Mr. Warren Martin, Music Director of the Choir College, attended the 35th annual meeting of the National Association of Schools of Music at the Statler-Hilton Hotel, Detroit, Michigan on November 27 and 28, 1959.

This is the annual gathering of the executive and administrative heads of the music departments of leading universities, colleges and conservatories in the United States.

Their discussions dealt with some of the current problems facing music education at the college level. An especially interesting feature was an address on “Russian Education and Music” by Dr. Lyle Nelson, Professor of Journalism at the University of Michigan. Dr. Nelson has recently returned from a six month trip in Russia.

Further events of special interest were an address by Dr. Howard Hanson of the Eastman School of Music on “Music in the Atomic Age” and a group of administrator’s workshops in which problems facing various types of schools were discussed.
